Henry Ramsey and family, who left here seven years ago and located in Gore County, Kansas, returned to old Holt last week, utterly disgusted with that country, and fully realizing that he has strayed away from years of his time.

We hope our Health Committee will take some action in the matter looking for the stopping of people throwing their worthless apples to the pigs, etc. It is not only a gross violation of the sanitary laws of our city, but it shows an utter disregard for cleanliness. The street commissioner should also cut some of the weeds down.

Rev. P. C. Schramm, who has been in charge of the German M. E. church of this place for the last three years has just returned from the annual conference of that church, which was held at Denver, Colorado. Rev. Schramm will preach his farewell sermon next Sunday, previous to his departure for St. Paul, his new field. Rev. J. Kneilly will succeed Rev. Schramm at this place.

James S. Metcalf, of Warrensburg, this state, who enjoys the position of postoffice inspector, dropped into our city last Monday, and after a pleasant stay, he will visit to New Point. We found Mr. Metcalf a very pleasant and agreeable gentleman, thoroughly up with his business, and entirely destitute of that big "headache" that usually characterizes so many of this class of government officials.

Dick Irwin, of Pueblo, Colorado, came to Holt last week, and was advanced to a higher position in railroad circles, having just been promoted to the position of Cashier in the baggage department at the Union depot. This virtually puts him at the top in this department, only one man being above him. We are glad to hear of his prosperity, for there is no more deserving young man anywhere. He reports the Oregon people all doing well there.

Rev. T. D. Roberts is in attendance upon the meeting of the Platte Presbytery, in Trenton, Mo., this week.

You will miss it if you do not see those dandy Cuts, Buggies, Harness and Wagons and get the bottom prices on them. H. C. Schmidt.

The auction at Ira Peter's store still continues, and the stock is being rapidly diminished. They are selling everything regardless of cost. Go and get a bargain.

We are glad to learn that Wm. G. McIntyre is once more a citizen of Holt, having returned from Kansas with the expectation of making his future home here. One by one, they return, well satisfied that Holt is the place for all.

William Gould, (colored), of Forest City, who was sent to the penitentiary from here at the January term 1889, of our circuit court for five years for forgery, has been pardoned by the Governor, on account of consumption, contracted by confinement. He is now at his home in Forest City, with small hopes of recovery.

We are glad indeed to learn that our old former telegraph operator, C. C. Potter, who for a long time was stationed at Forest City, has been appointed by the Republicans of Mills county, Iowa, for the position of county clerk. In Mr. Potter the Republicans of that part of Iowa seem to have found a man of the most active and energetic Republican, in whom will be found every requisite qualification to fill the position for which he has been elected. The people are to be congratulated in selecting so worthy a candidate and his majority should be a handsome one--he is every way worthy of it.

Horticultural Society.
Holt County Horticultural Society met at the office of Dr. Goslin, in Oregon, Mo., September 9th, 1890.

The President, N. F. Murry, called the meeting to order and proceeded to make some remarks that were both general and particular.

There were present about twenty persons. There being no set program, the talking took a wide range, each speaker having to speak of whatever was upon his mind. The present situation of the fruit crop, and of the market, and the ways of disposing of it, were the subjects of much discussion.

The fruit raisers are feeling solid, this most singular of all seasons. One speaker has declared that he is not going to sell his fruit, but to keep it for himself, especially apples, were discussed at length. The fruit raisers are feeling solid, this most singular of all seasons.

Circuit Court.
The third week of circuit court has been an important one, and much interest has been manifested, owing to the trial of Sam Pollock on the charge of killing Matt Spelman. This case occupied the attention of the court for the first three days, the jury being impaneled Monday forenoon, and on Wednesday afternoon they took the case, and up to the hour we went to press, about noon Thursday, had arrived at no verdict.

Another important case was that of the state vs. Richard Davis, charged with the rape of Miss Bennett of Craig, who was found guilty, and sentenced to five years in the penitentiary. The next case in importance disposed of was that of the state vs. Thomas Fee, charged with forgery. The defendant pleaded guilty, and was sentenced to five years in the penitentiary.

In addition to the cases previously reported in our columns, the following cases were disposed of:

A complete report of the Pollock case will be found elsewhere in these columns. Nothing was said in the case.

Chapin vs. Griffith; appeal dismissed. Marsh vs. Denny; motion to retax costs dismissed.

Ford and VanBuskirk vs. Burgen and Irwin; judgment by default for \$220.40. City of Maitland vs. F. B. Springs; continued.

State by collector vs. Daniel Zook; continued.

Geo S. Skope vs. E. F. Weller; jury impaneled; objection to introduction of evidence by plaintiff sustained and cause is dismissed, and the jury discharged.

State of Missouri vs. Dick Davis; rape; submitted to jury; verdict guilty; sentenced to five years in penitentiary; motion for new trial overruled.

C. C. Beeler vs. the Walsh Merch Co.; plaintiff dismisses suit.

Holloway vs. May; judgment for plaintiff for \$123.33.

Giles A. Laughlin vs. G. W. Williams; submitted to court; finding for defendants on 1, 2, 3 and fifth counts; and for plaintiff on fourth count.

Giles A. Laughlin vs. H. C. Williams; submitted to court; finding for defendant.

Something of the Past.
Some rather amusing things appear on the early records of the county court. Soon after the location of the county seat John Thorpe was appointed county measurer to sell the lots. This he did but neglected to make his report. This he was several times requested to do, and on his failure to comply, the court, on the 14th of March 1841, made the following order:

"It is ordered that an attachment issue against John Thorpe compelling him to produce his account to this court, at their next term, for services and expenses, in the town of Oregon."

Thorpe was arrested accordingly and at the April term following the following entry appears:

The State vs. Contempt of Court. John Thorpe. And this case is continued till the next term of this court.

At the next term Thorpe appeared, and the following entry was made: State of Missouri vs. Contempt of Court. John Thorpe. Defendant appears here in court and being duly sworn answers satisfactorily to the court. Therefore it is considered by the court here that he go thereof without day; and that he recover of the county of Holt, his costs and charges in this behalf laying out and expended. This is probably the first instance where a man was arrested for failing to bring in his bill against the county. Nowadays some men might be in court for doing so, especially when the size of the bill is considered.
